A World Without Borders

SUMMARY

Surmounting the factbook, Yuu is in the matter of choosing his future. His first choice isn't his best for the first time as a girl... and his cousin has become a girl without a condition. But he has his heart set on being a girl, so he decides to become a girl.

He's in his second year of high school, but he hasn't decided on his future yet. To his bewilderment, he discovers his (male) cousin has become a cute girl. He doesn't have a girlfriend...

SEX REASSIGNMENT

Thanks to advances in medical science, it is now possible to change your sex. People can choose to have the surgery after they're 18.

MOTHER

Yusuke and Yousuke's mother. An extremely woman who protected her children from an extraordinary man. She's worried about Yusuke's future.

YOUSUKE

Yusuke's 23-year-old brother, and a university grad student. He's busy with his experiments and frequently leaves for the university. He doesn't seem shocked about his cousin's change.
